

## Just Like Heaven – The Cure

[G] [D] [Am] [C] (X4)

Show me show me

[G] Show me how you [D] do that trick

The [Am] one that makes me [C] scream she said

The [G] one that makes me [D] laugh she said

And [Am] threw her arms ar[C] ound my neck

[G] Show me how you [D] do it and I [Am] promise you I [C] promise that

I'll run a [G] way with you [D] I'll run a [Am] way with you [C]

[G] [D] [Am] [C] (X2)

[G] Spinning on that [D] dizzy edge

I [Am] kissed her face I [C] kissed her head

And [G] dreamed of all the [D] different ways I [Am] had to make her [C] glow

[G] Why are you so [D] far away she [Am] said won't you [C] ever know

That I'm in [G] love with you [D]

That I'm in [Am] love with you [C]

[Em] You [F] soft and only

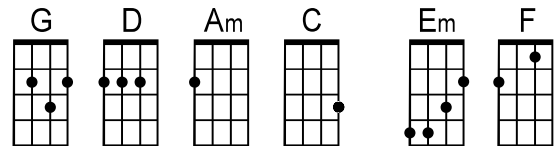

[Em] You [F] lost and lonely

[Em] You [F] strange as angels

[C] Dancing in the deepest oceans

[D] Twisting in the water you're just like a [G] dream [D] [Am] [C]

Just like a [G] dream [D] [Am] [C]

[G] Daylight licked me [D] into shape

I [Am] must have been as [C]leep for days

And [G] moving lips to [D] breathe her name I [Am] opened up my [C] eyes

And [G] found myself a[D]lone alone a[Am] lone above a [C] raging sea

That [G] stole the only [D] girl I loved

And [Am] drowned her deep in [C] side of me

[Em] You [F] soft and only

[Em] You [F] lost and lonely

[Em] You [F] just like heaven [C]
