

# One Last Love Song - The Beautiful South

**INTRO:** First 4 Lines [F] [Dm] [Bb] [C] [F] [Dm] [Bb] [C]

[F] I once had a friend who [Dm] I loved from my heart  
But I [Bb] went on and left her 'fore [C] I'd made a start  
Now Im [F] moaning the blues like the [Dm] rest of the charts  
Take me [Bb] back [C]

So I'll [F] cry with a limp Just get [Dm]by on a limb  
Till these [Bb] blue eyes of mine they are [F] closed  
So [Bb] heres to an old fashioned [F] peck on the cheek  
And [C] farewell my sweet northern [F] rose

Give me [F] one last [Dm] love song to [Bb] bring you back, bring you [C] back  
Give me [F] one last [Dm] video just [Bb] dressed in black, dressed in [C] black  
[Bb] Give him a chorus and that [F] bit at the end  
Where he [Bb] wails on and on bout the [F] loss of a friend  
[Bb] Let him scream loudly well this love could [C] mend  
Let it [C] die, let it [F] die

Those [F] bloody great ballads we [Dm] hated at first  
Well I [Bb] bought them all, now I'm [C] writing worse  
[F] Save us from baldness and [Dm] saving the earth  
[Bb]Take me back [C]

[F] And I'll smile with a limp And I'll [Dm] love with a limp  
Till the [Bb]clouds disappear from [F] above  
And as the [Bb] storm moves away [F] all I can say  
Is there's a [C] towel on the door for your [F]love

Give me [F] one last [Dm] love song to [Bb] bring you back, bring you [C] back  
Give me [F] one last [Dm] video just [Bb] dressed in black, dressed in [C] black  
[Bb] Give him a chorus and that [F] bit at the end  
Where he [Bb] wails on and on bout the [F] loss of a friend  
[Bb] Let him scream loudly well this love could [C] mend  
Let it [C] die, let it [F] / die
